PROPERTIES

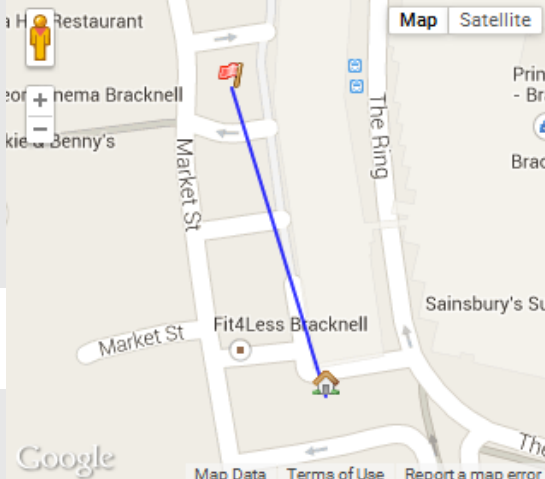

Internet connectivity explained...

- Leased lines are dedicated internet connections. These offer your business a direct 1:1 connection between The Columbia Centre and the Bracknell exchange. Connections have excellent SLAs, and bandwidth is scalable to your changing needs.
- EFM connections are a lower-cost dedicated line offering an uncontended service, meaning you don't share the connection with anyone. The service offers equal upload and download speeds.
- ADSL is an entry-level business broadband, providing basic connectivity to The Columbia Centre.

Nomis Connections supply & manage internet connectivity from all major network providers.

Connection availability:

Connection	Bandwidth	
Up to 1GB/s Fibre Leased Line	<p>Speeds from 10Mb/s up to 1GB/s are available from our wholesale network partners.</p> <p>Your service will be fully-managed by the Nomis Support Desk, giving you one point of contact for all your needs.</p>	
EFM	Speeds from 10Mb/s up to 30Mb/s available.	
ADSL	Up to 17Mb/s download and 1.5Mb/s upload available.	

i 'Bandwidth' indicates what would be available to you on your package. Leased Line bandwidth can be increased up to the bearer limit, giving the service its scalability.

i The Columbia Centre is 0.06 miles away from the Bracknell exchange.

Please contact us for advice and pricing for internet connections at The Columbia Centre. You can call 01252 415 189 or email sales@nomisconnections.co.uk.

Manage your calls through SIP Trunking

Nomis Connections' SIP Trunking service is a modern alternative to ISDN lines. Also known as 'VoIP lines', SIP Trunking allows you to make and receive high-quality calls at competitive rates over your internet connection.

The value to you:

- ✓ Significant savings through replacing expensive ISDN lines and converging your voice and data network
- ✓ High-quality VoIP calls at competitive rates
- ✓ IP and ISDN Gateways allow you to connect traditional phone systems, avoiding the cost of upgrading to an IP system
- ✓ Scalability and flexibility, allowing you to increase and decrease the number of calls you can make and receive as needed

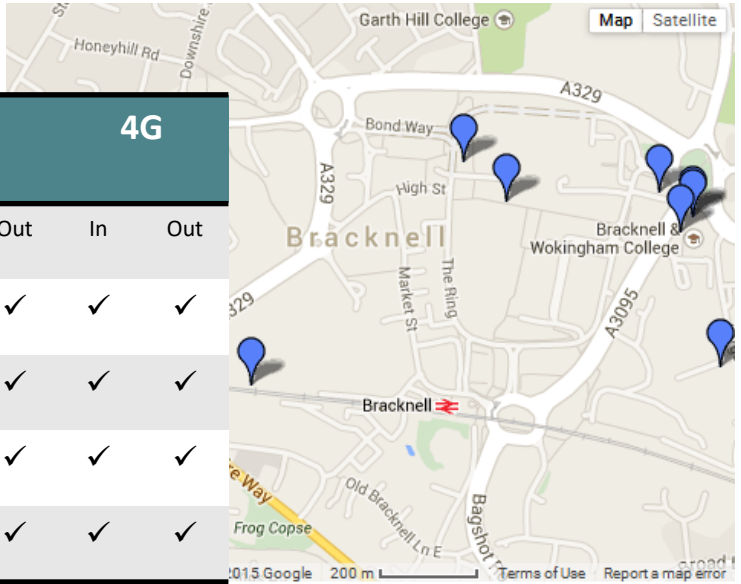

Business mobiles

The Columbia Centre can receive good signal strength from all the major providers.

Should you need any advice on your business mobile plan, or be looking to implement or renew a plan, please don't hesitate to contact Nomis Connections on 01252 415 189 or emailing sales@nomisconnections.co.uk.

We provide competitive, bespoke business mobile plans from all the major networks and work with your business to eliminate common mobile issues such as bill shock.

i There are multiple mobile masts around The Columbia Centre, giving good signal from all major network providers.

Mobile carrier	Signal strength	2G		3G		4G	
		In	Out	In	Out	In	Out
Vodafone	Good	✓	✓	✓	✓	✓	✓
O2	Good	✓	✓	✓	✓	✓	✓
EE	Good	✓	✓	✓	✓	✓	✓
3	Good	✓	✓	✓	✓	✓	✓

Please note these indicators act as a guide, not as a guarantee.

Your next steps...

The results in this report show that you have some great options when it comes to connectivity at The Columbia Centre – particularly around superfast and reliable dedicated internet connections.

We'd recommend discussing your needs with us in more detail, so we can offer you the best solution and begin provisioning your lines and internet as soon as possible. This allows us to keep lead times to a minimum.

With the great internet speeds available to you, it's also a good time to consider moving your telecoms and IT to the cloud. We'd recommend looking at our hosted VoIP and SIP Trunk solutions.

If you'd like to discuss your business mobiles with us, we're able to provide a comprehensive analysis of your bills and ensure we place you on the best plan for your needs.

Not out of contract yet? No problem. Send us your mobile renewal date and we'll contact you nearer the time.
